2. Sisk funds granted are in answer to requests from Greenville County agencies for use in Greenville County.

3. Requests for Sisk funds are reviewed for consideration solely on the basis of their adherence to the mission statement and these guidelines, and availability of funds.

4. Sisk funds may be used for materials, equipment, and supplies needed for operation of qualifying agencies according to the above mission statement.

5. The Sisk Foundation does not fund salary requests.
   The Sisk Foundation does not fund requests for college tuition.

6. Sisk funds shall not be used for construction materials.

7. Agencies that receive funding are required to provide a project evaluation and an accounting of funds by December 15 in the year in which funds are granted. Failure to provide this accounting will disqualify the agency from making a grant request in the subsequent year.

8. Both the Sisk Advisory Council and the Church Council reserve the right to refuse any grant request.
